TREATMENT CONSIDERATIONS

You are scheduled for a series of non-invasive treatments with the BTL VANQUISH ME.

BTL VANQUISH ME is designed for reduction of abdominal and thigh circumference by disruption of adipocyte cells by mean of high frequency electromagnetic field. **Initials:** _____

Your treatment provider will discuss your specific treatment needs. The recommended number of treatments is 4. The treatment is typically about 45 minutes per session, with sessions separated by 7-10 days. You may need additional treatments depending on the severity of your condition. For optimal results, it is important to follow the treatment plan that has been established for you. The results will typically continue to improve over the next few months. **Initials:** _____

Please arrive at your appointment well hydrated. Ideally, you should hydrate 2 days before, on the day of the treatment, and 4 days after the treatment. This will result in a more comfortable and efficacious treatment. **Initials:** _____

On the day of the treatment, you are advised to wear comfortable clothing so the treatment area can be easily accessed. You will be asked to remove any jewelry from the area of interest. **Initials:** _____

I acknowledge that successful treatment outcome can be affected by smoking or excessive alcohol consumption, as well as: eating disorders, on-going medication or insufficient hydration. While no special diet is required, you are encouraged to eat healthy to help promote and maintain results. **Initials:** _____

There is typically no pain associated with your treatment and there is no anesthetic required. You will experience an intense heat sensation, but not pain and moderate erythema (redness) in the treated area which may last for a few hours post therapy. The procedure doesn't require any

recovery time. Typically, you can get back to your daily routine right after the treatment. **Initials:**

Please answer whether you currently have or have had any of the following:

- Implanted electronic devices such as a cardiac pacemaker, bladder stimulator, spinal cord stimulator or electrodes for a myoelectric prosthesis YES
 NO
- Metal-containing IUD YES NO
- Hemorrhages or risk of hemorrhage YES NO
- Septic conditions and empyema YES NO
- Malignant tumors and undiagnosed tumors YES NO
- Implants, areas where implants have been removed or metal inclusions YES
 NO
- Implants that could be impaired by electromagnetic field YES NO
- Thermohypesthesia or thermohyperesthesia YES NO
- Acute inflammations, swellings that still feel warm YES NO
- Severe arterial obstructions (stage III and IV), arterial disease YES NO
- Gynecological disorders involving acute inflammation YES NO
- Wetness or perspiration YES NO
